ABOUT ME

Aspiring web developer with experience in building web and mobile applications through academic projects. Although I do not yet have formal work experience, I am eager to learn, adapt, and grow in a professional environment. I am committed to strengthening my skills in modern programming and contributing effectively through strong work ethic, teamwork, and continuous learning.

EDUCATION

BS Computer Science - University of the East, Manila — Aug 2023 - Present
Senior High School - FEU Roosevelt, Marikina City — Aug 2021 - July 2023

PROJECTS

JeyFlix - Movie Mood Recommendation System
Full Stack Developer | Personal Project
Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, TMDB API

- Developed a movie recommendation web app that suggests films based on user mood using real-time API data.
- Built dynamic and responsive UI with JavaScript and implemented backend integration for fetching and displaying movie data.

Kicks 'n Style - Shoe E-Commerce Website
Web Developer | Academic Project
Tech Stack: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, XAMPP

- Created a responsive e-commerce website for browsing and viewing shoe products with a clean and user-friendly interface.
- Implemented interactive product display and navigation features to simulate a real-world online shopping experience.

Brotein – Fitness Web Application
Frontend Developer | Academic Project
Tech Stack: HTML, CSS, JavaScript

- Developed a fitness web app that helps users track calorie intake based on selected meals
- Designed an intuitive and responsive interface to improve user experience and promote healthy lifestyle awareness

e-Senyas – Filipino Sign Language Recognition System
Thesis Project (In progress)

- Developing an Android-based system that translates Filipino Sign Language (FSL) gestures into text using a hybrid CNN-LSTM model
- Implementing real-time gesture recognition using MediaPipe hand landmarks and optimizing the model for mobile deployment

TECHNICAL SKILLS

- Languages: Python, Java, C++, JavaScript
- Frontend: HTML, CSS, React, Bootstrap
- Databases: MySQL
- Tools: GitHub, Figma, Vercel

SOFT SKILLS

- Leadership & Team Collaboration
- Time Management
- Problem-solving
- Communication Skills

ORGANIZATIONS

Junior Philippine Computer Society (JPCS) - UE Manila
Member | Sept 2025 - Present
