- Frontend: HTML, CSS, React, Bootstrap
- Databases: MySQL
- Tools: GitHub, Figma, Vercel

SOFT SKILLS

- Leadership & Team Collaboration
- Time Management
- Problem-solving
- Communication Skills

PROJECTS

Classic Kicks's Shoe E-commerce Website – Software Engineering Project

- An online shoe shopping platform that allows users to browse, check product availability, and purchase shoes directly through the website. The system also helps users verify stock availability before visiting physical stores.
- Developed the front-end interface using HTML, CSS, JavaScript, and Bootstrap to create a responsive and user-friendly design. Integrated a database system using phpMyAdmin & MySQL for managing product inventory, user data, and transactions.

CERTIFICATIONS

Information Technology Specialist in Python | Certiport — Nov 2025

Certificate Code: wawJJ-H94r
